

High School Wins First Two Games In Baseball Start

Local Sluggers Win From Yerington, Manogue In Contests

The Tahoe-Truckee High School Wolverines opened their 1955 conference baseball season last week-end with impressive wins over Yerington and Manogue.

On Friday, the local nine handed the Lions a 7 to 4 setback to open the new season after only one week of practice. Mickey Williams was credited with the win and brother Larry pitched three innings of fine relief ball during the seven-inning encounter.

Yerington scored first with three runs in the first frame and added another in the second. Tahoe-Truckee jumped right back in the second inning for two runs, followed with another in the third, and then iced the game with four big runs in the fifth stanza.

Although outhit, five to four, the Wolverines capitalized on seven Yerington errors and 11 walks for the win. The Williams brothers gave up four walks and had only four errors committed behind them. Base blows were delivered by Larry Williams, Gordon Stewart, Aaron Thomas and Floyd Cooper.

Saturday's game with Manogue was a thriller, as the Wolverines were forced into extra innings before taking a 14 to 12 decision. The locals jumped into an early lead of 8 to 3 by the end of two innings of play, upped it to 12 to 4 by the end of the seventh. But then the roof fell in and when the dust had cleared, the score was tied at 12-12.

A pitcher's duel then developed for four innings which saw the Miner's number one chucker, Gabe Flores, matched against Tahoe-Truckee's ace reliever, Larry Williams, who had replaced starter Mike Vieu in the fifth. In the top of the eleventh the Wolverines finally pushed across two runs to bring home their second conference win in as many days. Larry Williams led the hitting with three nally pushed across two runs to safeties, followed by Mickey Williams and Mike Vieu with two each. Stewart and Thomas each collected one safety.

Friday will see the Wolverines invading the lair of the tough Reno Huskies for a 3:30 p.m. conference game. Starting battery for Tahoe-Truckee will likely be lefthander Mickey Williams and Larry Williams.

The Wolverines had scheduled Saturday's game at home but due to the weather a new location for the contest with Hawthorne must be found, possibly at Reno.

Local Girl Scouts May Join National Group

Miss Norma Northberg of the national field staff Girl Scouts of USA will conduct a meeting on Monday, 7:30 p.m. in the Truckee Elementary School for the purpose of exploring the possibilities of Truckee's affiliation in a Girl Scout Council jurisdiction.

A cordial invitation is extended to all adults participating in the Girl Scout program parents of present and future Girl Scouts and all others interested in the future of Girl Scouting in the community.

Many Local People Delayed By Road Tieup

Some of the local people reported to have been delayed on their return to their homes from the valley during the weekend storm include Mr. and Mrs. Wayne Philippi, Charles Fink, Bob Siebold, Mr. and Mrs. Carl Painter and Miss Dolores Danley, Miss Eleanor Dominguez, Mr. and Mrs. Orin Waters and Mr. and Mrs. George Waters, Mr. and Mrs. Henry Loehr and Louis Goicoa whose father, M. Goicoa, entered the Southern Pacific Hospital.

Five Kaspian Children Baptized At Services

Mr. and Mrs. George Kaspian and children, Rosalee, Nancy, Michael, Diana and Robert returned home following the Easter Sunday baptism of the five children held in St. Mary's Armenian Church at Yettum, Calif. Mrs. Roxie Archie and Richard Joseph accompanied the family and were named godparents of the five young people.

A dinner for 200 persons was held in the Community Hall, following the religious ceremony. The group visited at the home of Karl Kaspian, brother of the local man.

PARENTS TO MEET

The next meeting of the Truckee Parent Nursery School group will be held Tuesday at 7:30 p. m. at the Truckee elementary school. There will be movies of "Children's Emotions" followed by a discussion. Plans are complete for the card party Friday, April 29 at the elementary school.

Local Area Given Boost In Capital TV Panel Talk

Truckee, Lake Tahoe and the Highway 40 area were in the television spotlight in Sacramento last Friday night on the "Big Question" panel program over KBET-TV.

Hank Thornley, new director of KBET, served as moderator with Henry C. MacArthur, head Capitol News Service and Sierra Sun representative at the State Capitol; Alex Cushing, manager of Squaw Valley Resort; Roy Mikkelsen, former US Olympic skier and head of a citizen's committee to bring the 1960 winter Olympics to Squaw Valley, and Senator H. T. (Bizz) Johnson of Roseville, author of senate bill No. 1, on the program.

Gov. Goodwin J. Knight was given credit by Senator Johnson in helping the passage of an act to provide a million dollars from the state treasury if the 1960 games are awarded to Squaw Valley. The senator pointed out that it is expected that this sum will be repaid from revenues of the games. He also pointed out that the 1932 summer Olympics, which were staged in Los Angeles, received similar assistance and this has all been repaid. In addition, the city of Los Angeles enjoys the benefits of the famous Los Angeles Coliseum, which was built for the 1932 games.

Both Cushing and MacArthur both commented favorably and at length on facilities available not only at Squaw Valley but at Truckee and Tahoe City as well. Mikkelsen, in answer to a question by Thornley, pointed out that Austria, Germany, Switzerland and Pakistan all have more or less serious bids in competition with the California site. He compared the local selection with his previous Olympic experience at Lake Placid in Germany.

Mikkelsen said the site selection will be made in Paris in June, beginning on June 14, and added that the winter games selection should probably be made by June 17.

The final portion of the program was given over to the showing of skiing movies of the area.

Forestry Theme Will Provide Cub Program

A meeting will be held in the Truckee Elementary School at 7:30 p.m. on Tuesday, April 26 when a program centering around the April theme of forestry will be presented by the dens of Cub Scouts, according to Cub Scoutmaster, Douglas Wilson. He also announced that Robert Madge has been named as assistant Cubmaster.

O'ROURKE SPEAKS AT ROTARY MEET

Everett O'Rourke was the guest speaker at the Monday meeting of the Truckee and Loyalton Rotary Clubs when he talked eloquently on "The Three Words, Awareness, Courage and Faith." A tribute was paid to the late Dr. Albert Einstein during the meeting.

John Ciardella was acting president and James Sherritt was program chairman. Guests of the affair included Rev. Wesley Osman, Kenneth Hedlund and William Carver.

On Monday evening, April 25 the Truckee Club will meet in the Riverside Hotel at Reno.

PTA CARNIVAL AT TAHOE SATURDAY

TAHOE CITY—Naomi McLane, prominent in PTA work in this locality, announces the PTA carnival to be held at the Tahoe Lake School Saturday, April 23, at 7:30 p.m. PTA president, Mrs. Edna Obexer has appointed Mrs. Naomi Horvath and Mrs. Lucille Turner as co-chairmen of the carnival, and the two chairmen already have several sub-committees at work on the project.

All classes in the school are doing art work as decorations for the carnival, and the older children are to take turns helping in the booths.

Those putting on the carnival are working hard to make it a momentous occasion, and it is hoped there will be a capacity attendance.

Public Invited To Visit Schools In Area Next Week

Programs Arranged In All Classes For Public Schools Week

Public Schools Week, sponsored by the Masonic Lodges of California, will be observed in the Tahoe-Truckee district from April 25 through 29 under the sponsorship of Truckee Lodge No. 200, F&AM.

Tom Lucas, master of the Truckee Lodge, said Reg Smart and Denis Sach, both members of the school board, have been appointed on the committee to arrange the programs in the various schools.

Although the people of the communities are encouraged to visit and observe their schools throughout the year, it is during Public Schools Week that special emphasis is placed on school visitations.

This year, in contrast to previous years, each school in the district will be open for visitation in the evenings on the dates listed below:

Donner Trail—Monday evening, April 25.

Tahoe Lake—Tuesday evening, April 26.

Kings Beach—Wednesday evening, April 27.

Truckee Elementary and High School—Thursday evening, April 28, at high school.

Displays and demonstrations have been programmed for the various schools to give a closeup of the operational procedure in the various classes.

The public is cordially invited to attend any or all of the open-house affairs or to visit the schools at any time, Superintendent E. V. O'Rourke said.

Silver Belt Race To End Bowl Season

With the North American championships held at Sugar Bowl Sunday now a matter of record, preparations are under way for the 13th annual Silver Belt Trophy race scheduled for Sunday, April 27th.

The course is a giant slalom race set on Mt. Lincoln. In addition to the top field who raced in the North American during the past weekend, entries have been received from Guttorm Berge, two times previous winner; Chris Schwarzenbach, another two-time winner; Steve Knowlton of Aspen, who will race in the senior class; Herbert Jochum, Sun Valley and Lewis Fellows of Tahoe, the brilliant junior skier; Yves Latreille, Norm McLeod, Claude LaChance and Gary Thalmas of Yosemite. Additional skiers in the women's events will include Ann Roberts, Pat Honl and Linda Myers.

In the North American championships Sunday, Ralph Miller and Bill Beck were tied for first and Les Streeter was third in the downhill. Ralph Miller won the slalom with Bill Beck second and Max Marolt third. In the combined Ralph Miller was first, Beck second and Max Marolt third.

In the women's division, the downhill was taken by Cathy Carey with Skeeter Werner second and Ginette Seguin, third. Skeeter Werner was first in the slalom and combined with Lucille Wheeler second and Sally Deaver third in the latter two affairs.

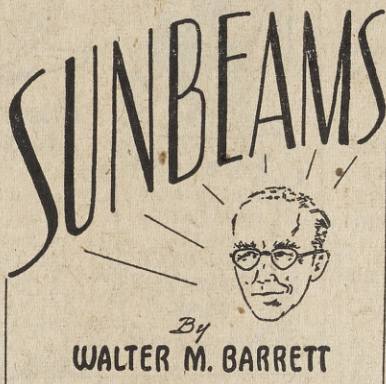

The Sugar Bowl will close for the season on Monday, April 25th but the Magic Carpet and the chair lift operating on the weekend of April 30 and May 1.

John Fergusons Are Parents Of New Son

Mr. and Mrs. John Merlow Ferguson of Truckee are parents of a baby son, John Charles, born at the Tahoe Forest Hospital April 19 at 2:55 a.m. The boy weighed seven pounds, five and a half ounces at birth. Dr. L. D. Nelson was in attendance.

In Hospital—

Miss Menia Morretta, popular Bank of America employee, has been a patient at the Tahoe Forest Hospital undergoing treatment for an attack of pneumonia.

For a state that spends millions of dollars annually on its highways and which constantly invites out-of-state tourists to share in its vast sunny shores and beautiful vacation spots, it is hard for us to understand the apparent lack of interest in the maintenance and operation of U. S. Highway 40 over the Sierra. True, we still have the road, built back in 1926—and for that we are grateful—but it is no longer adequate for the present-day travel, with modern cars, the heavy trucks and fast drivers. The travesty which occurred Sunday marked a terrible example of what has happened and what will continue to happen unless steps are taken to correct a situation which is no longer tolerable. The state has ample funds and means of acquiring still more, and we think it is a downright shame that this section of the great transcontinental route must remain an antiquated trail, understaffed with personnel and short of equipment while it marks the gateway to a state which proudly boasts of its broad highways and many other advantages. Situations like the one Sunday can be expected in isolated regions and may even occur at frequent intervals on the best of highways, but when we look back over the years, we see the matter getting worse and worse from year to year, climaxed by 1955. The unfavorable and costly publicity given this region by national and international news casters, it seems to us, should cause officials in the higher places to blush with shame. After all, this publicity is most damaging in our immediate area, but it is also a shining black mark on the entire state of California.

We are not blaming anyone in particular. Blame can easily be shifted very easily from one civil service shoulder to another and from one executive desk to the next, but what we must have, if this area is to continue to grow and retain its identity and enjoy the rights which we have well earned is more adequate facilities and a more comprehensive method of handling unexpected situations when they arise.

The supply referred to has no connection with that allocated to the children of the first and second grades of the elementary schools, Dr. King said.

The doctors are administering the vaccine without charge for their services and at actual cost of the vaccine itself. They presently have only enough for approximately 30 shots.

Three people were hurt, none seriously, when a car driven by Wilford Ross, 32, San Francisco, got out of control Saturday at 6:30 p. m., two miles up Donner grade and plunged down the canyon 35 feet.

Injured were the driver, Robert Moore and Lynn Stockwell, both of San Francisco. Ross was cited by Patrolman Roy Stallard for speeding and not having an operator's license. The three were treated at the Tahoe Forest Hospital and released.

Sunday morning Thomas Kirkpatrick, 19, of Escalon, escaped with minor injuries when his car ran off the road seven miles north of Hobart Mills and was wrecked. The car was off the highway 350 feet and 65 feet out in a meadow. The driver and a passenger were fortunate in escaping injury.

Kirkpatrick was cited by Patrolman William Gautsche for speeding.

Little To Return Home At End Of This Week

R. N. Little, well known Truckee insurance and real estate dealer, who was taken to the Tahoe Forest Hospital last week following a mild stroke, is reported by Dr. L. D. Nelson to be recovering rapidly and he expects to release the patient from the hospital by Saturday.

Vaccination Program Delayed In This Area

Vaccinations for local first and second grade pupils for the prevention of polio which were to have occurred this week will be delayed from two to four weeks, according to word received by Tahoe-Truckee Unified School District superintendent, Everett V. O'Rourke from Dr. Ruth Moldenhauer, director of Public Health of Placer County at Auburn.

The vaccine is being given immediately to children in urban areas.

Cushing Scheduled To Address Joint Session

Hal Welch, president of the Truckee Chamber of Commerce, announced at the meeting Tuesday evening at the high school that a joint meeting of all the service clubs in the area will be held May 9 at which time Alex Cushing will discuss the progress made in obtaining the 1960 Olympic winter games for Squaw Valley.

The meeting, Welch said, will be held at the high school with the Tahoe City Rotary Club as host for the evening.

Mrs. Tony Polyanich was a Reno hospital patient last week.

Felte Candidate For School Post From Kings Beach

Lucas Withdraws Name As Election Scheduled For May 20

Jack C. Felte, well known electrical contractor at Kings Beach, is the only candidate to file for the vacancy on the governing board of the Tahoe-Truckee Unified School District. The election will be held May 20.

Thomas Lucas, a member of the board since it was organized six years ago, previously had announced his intention to seek reelection but has since withdrawn his name. Lucas said he would like to be relieved of the post as he felt six years was sufficient on a job of this kind where the only compensation is the personal satisfaction of serving his community.

Felte has been active in civic affairs and organization work at Kings Beach for many years and has children in the schools.

There is only one vacancy occurring on the board this year and in keeping with the established policy of having at least one member from each of the various communities of the district, the post should go to a representative of the Kings Beach-Tahoe Vista region.

Other members of the board are Fred Pedley and Reg Smart of Truckee, Denis Sach of Tahoe City and Bradley Board of Soda Springs.

TRUCKEE DOCTORS OFFER SALK SHOTS

The three Truckee doctors, Dr. Ben King, Dr. L. D. Nelson and Dr. George Hahn announced today that they have been able to secure through Loynd's Truckee Drug a very limited supply of the famous Salk polio vaccine which they will administer on a first-come, first-served basis at cost.

The supply referred to has no connection with that allocated to the children of the first and second grades of the elementary schools, Dr. King said.

The doctors are administering the vaccine without charge for their services and at actual cost of the vaccine itself. They presently have only enough for approximately 30 shots.

THREE INJURED IN MOTOR CRASHES IN THIS DISTRICT

Three people were hurt, none seriously, when a car driven by Wilford Ross, 32, San Francisco, got out of control Saturday at 6:30 p. m., two miles up Donner grade and plunged down the canyon 35 feet.

Injured were the driver, Robert Moore and Lynn Stockwell, both of San Francisco. Ross was cited by Patrolman Roy Stallard for speeding and not having an operator's license. The three were treated at the Tahoe Forest Hospital and released.

Sunday morning Thomas Kirkpatrick, 19, of Escalon, escaped with minor injuries when his car ran off the road seven miles north of Hobart Mills and was wrecked. The car was off the highway 350 feet and 65 feet out in a meadow. The driver and a passenger were fortunate in escaping injury.

Kirkpatrick was cited by Patrolman William Gautsche for speeding.

Former Donner Pair East On Indictment

Mrs. Ruth McElvain, 38, accused of embezzling \$77,270 from a Greensboro, N. C., bank, was en route to Durham, N. C., to face prosecution. With her was her husband, Clyde, charged as an accessory.

They left Saturday by automobile. Upon arrival at Fort Smith the McElvains will be handed into the custody of another deputy for the trip to Durham.

The McElvains were arrested April 1 at Soda Springs, by FBI agents. She was indicted in Durham on a charge of embezzling the money from a bank where she was a teller.

Daylight Saving Time To Start In State Sunday

If we want to keep up to date we must set our watches and clocks ahead one hour starting at 1 a.m. Sunday.

That is the time designated for another start of Daylight Saving Time. No one has figured out, to our knowledge, how the twist of the hands of a clock will save time, but there it is and here we are.

As far as transportation is concerned, the Southern Pacific has announced that interstate trains will continue to operate on standard time, although those operating exclusively inside the state will switch to Daylight Saving.

The change in time, accepted by some as a nuisance and by others as a blessing, will continue until the last Sunday in September when we are again privileged to try standard time again.

Last Rites Held For Nate McCrary

Local friends of Nathan S. McCrary, 63 years of age were saddened by the news of his death which occurred last Friday in a Yuba City hospital, after a lengthy illness. Mr. and Mrs. McCrary, residents of Truckee for a number of years, left in 1954, following his retirement as a locomotive engineer, having been employed by the Southern Pacific Company for 37 years.

The well known couple had been married 41 years. McCrary had recently shown a marked improvement in health and shortly before his death was watching his grandson, Terry Bennett, pitch during a high school game at Yuba City. The deceased himself was once a pitching star and baseball was one of his favorite sports.

Funeral services were conducted at Roseville on Monday, with cremation in East Lawn, Sacramento.

McCrary was a native of Auburn and in the intervening years lived with his family at Roseville and Truckee. He was a member of the Brotherhood of Locomotive Engineers, was active in sports organization. While here McCrary was an ardent fisherman and a prominent advocate of fish and game conservation.

He was husband of Alanna; father of Ridgely, Roseville, and Sherlie Bennett, Roseville; and brother of Police Chief Emmett McCrary, Roseville, and Roy McCrary, Lincoln, Placer County, and Mabel Tager, North Sacramento, and grandfather of five.

William Thompson Dies At County Hospital

William A. Thompson, 64, Truckee resident and 11 day patient of the Nevada County Hospital, passed away at 10:20 p.m. Saturday, April 16. He was born November 26, 1890, at Junction City, Trinity County. A sister is believed to be residing at Big Bar.

Nancy Rablin Feted At Family Party Here

Mr. and Mrs. John Rablin entertained at a family dinner party on Sunday honoring their daughter, Nancy, who was two years old on Saturday and the little girl's grandfather, Earl Smith whose birth date occurred on Monday.

Four generations were represented by C. E. Smith, great-grandfather of Nancy. Other guests were Mr. and Mrs. Smith, Mr. and Mrs. Charles Smith, Mr. and Mrs. Earl Smith, Jr., Donna Rablin.

Found Guilty

John Reedy who pleaded not a result of eye-slap Gihar etoain guilty of a charge of speeding and not having his car under control following a minor collision several days ago and asked for a jury trial was found guilty on both counts before Judge Foster Wilson yesterday and was fined \$50. District Attorney Vernon Stoll was up to handle the prosecution.

In Hospital—Kary, so not Mr. and Mrs. Karl Kielhofer has been receiving treatment at a Reno hospital.

Spring Storm In Sierra Halts Cars For 24 Hour Period

Senator Johnson To Probe Cause Of Highway Closure

SACRAMENTO — Senator H. T. Johnson said today he will ask the state highway division why hundreds of unsuspecting motorists were stalled in the snow on "All-Year" Highway 40 Sunday night and Monday morning.

"I don't know what caused the snarl," Senator Johnson said "but I'd like to find out if there in any way of making sure it won't happen again."

A typical spring snow storm Sunday created one of the worst, if not the worst, traffic jams in the history of U. S. Highway 40, when more than 300 cars were packed in a six-mile space between Emigrant Gap and the drinking fountain east of Baxter.

The division of highways accepts complete responsibility for the 24-hour blockade.

Speaking before a meeting of the Truckee Chamber of Commerce Tuesday night, Superintendent Frank Fox said the fault was entirely that of his department and at the same time George Hellescoe, in charge of maintenance at the Sacramento office, issued a similar statement.

The road blockade started at about 1 p.m. Sunday afternoon. Two-way traffic was restored at 1 p.m. Monday. Hundreds of motorists, including skiers who had participated in meets on Donner Summit and more than a score of local people were caught by the tieup, many forced to remain in their cars throughout the night.

Three men, L. S. Miguel and William Cunah of Half Moon Bay and Paul Pera of San Mateo, were rescued by State Patrolmen T. F. Sheehan and Roy Stallard of the Truckee squad after they were overcome by carbon monoxide gas. They were dispatched to Grass Valley for hospitalization.

Hellescoe and Fox both said that the jam-up was caused by the division not closing the snow gates soon enough to prevent vehicles from entering the area. The highway from the state line to the scene of the snarl was kept open and passable, as was that portion west of the jam.

Many motorists involved in the tieup openly declared they could see no reason for the mess as the storm was comparatively a minor one for this season of the year. They were critical principally of the supervision in handling the congestion.

Fox told the chamber members Tuesday that he was not notified of the difficulty until late Sunday night, hours after the tieup occurred. At that time he said he dispatched a message for more men and equipment and had a crew up Highway 20 from Nevada City to lend aid. Had the gates been closed at the time the jam first started, he said, the trouble could have been minimized or averted.

Stories of those on the scene varied as to time, distances and the number of cars and plows and storm severity. Near panic prevailed at times as drivers caught in the middle of the jam-up tried in vain to get free only to make matters far worse.

The winter crews at both Donner Summit and at Yuba Gap were laid off April 1st and only the regular maintenance men were available for service. These few responded and worked long and hard to bring relief to a situation which might easily have resulted in disaster.

William Carver, Truckee attorney, was appointed on a committee to ascertain why sufficient funds are not allocated or expended on this section of the state highway system to prevent recurrence of the Sunday travesty.

Alexanders Leaving For State Post In Valley

Mr. and Mrs. Omar Alexander are expecting to leave next week for Roseville where he has been transferred by the California Division of Highways. Alexander has held the position of foreman on the Donner Summit area. The location may be a temporary one, with the possibility of Alexander being stationed in Sacramento or in a nearby town.

PRECIPITATION GAINS

The U. S. Forest Service reported this morning that the 11 inches of snow which fell here during the past week left 1.19 inches of precipitation to bring the April total to a normal of 1.85 inches. Total precipitation for the season has been 19.47 inches, or about four inches less than normal.

Only one inch of snow remained on the ground here today.

AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO—(CNS)—An expanded restatement of the policy of the California Highway Commission has been mailed to all city councils and all boards of supervisors, according to C. A. Maghetti, secretary of the highway commission, with relation to the location of freeways in California.

In the past, freeway locations in various sections of the state have caused much controversy, and in some instances, even have reached the governor's office on the protest of citizens and citizens' groups as a result of differences of opinion with the state highway engineers.

The highway commission usually has been in the middle of these controversies, attempting on the one hand to appease the protestants, and on the other, to follow the recommendations of the state

highway engineers.

Usually, the highway engineers have had their way about the location of freeways.

With the addition of some new members of the highway commission appointed by Governor Goodwin J. Knight, attempts are being made to halt the fuss and furor by bringing the question of freeway location closer to the people, through the district highway engineers who are located in or near the communities affected.

The highway code gives the commission full power to locate freeways wherever the commission sees fit or deems necessary. About the only way to halt a commission decision on a location is to go to court. This too, has been tried in some communities, but the courts have been loath to override the administrative determination of a state body which is delegated by law to make administrative decisions.

The commission also is directed by law to determine the freeway routing on the basis of "the greatest benefit to through traffic up-state highways."

However, the legislature when

Warning Issued To Applicants Desiring First Operator License

State Motor Vehicles Director Paul Mason this week reminded applicants for original automobile operator's licenses that they are forbidden by law to drive alone to department of motor vehicle offices to apply for driver tests.

"Drivers license examiners have strict orders to refuse to give tests to learners and other applicants for original licenses when the individual is not accompanied by a licensed operator," Mason warned.

He said there has been some instances when examiners had failed to ascertain whether new applicants were accompanied by licensed operators.

"In such cases," Mason said, "tests have been given to persons who failed to demonstrate the ability to drive. It was then discovered that the applicants had driven alone to take the tests."

"This created a dual problem: '1-The applicant was in violation of the law in the first place, by having driven without a license, and without having an accompany-

ing licensed operator. '2-What happened to the car which the unlicensed, unsuccessful applicant had driven to the motor vehicles office? 'Obviously, the applicant, having failed the drivers test, could not legally drive the car away. 'The same holds true of any applicant who drives alone and is refused the test. If he is a learner, and has a learner's permit, he must not move the car until he has summoned a licensed operator to accompany him. If he has neither a learner's permit nor a valid license from another state, he may not drive the car himself at all, but must have it moved by someone who has a license."

Mason said he was directing his warning particularly to students and other young people who this spring will be applying for the first time for drivers licenses.

Americans consume about 60 million pounds of mushrooms annually.

Bars Without Food Get Committee Approval

SACRAMENTO (CNS)—The assembly without a word of debate has approved a proposed constitutional amendment which would eliminate the requirement that liquor be sold only in bars where food is served.

The proposal, which required a two-thirds majority, passed by a vote of 56 to 0.

The measure, ACA 59 by Assemblyman Glenn Coolidge of Santa Cruz, now goes to the senate. If approved by the upper house, the proposed amendment would go on the state ballot at the next general election.

ing licensed operator.

"What happened to the car which the unlicensed, unsuccessful applicant had driven to the motor vehicles office?

"Obviously, the applicant, having failed the drivers test, could not legally drive the car away.

"The same holds true of any applicant who drives alone and is refused the test. If he is a learner, and has a learner's permit, he must not move the car until he has summoned a licensed operator to accompany him. If he has neither a learner's permit nor a valid license from another state, he may not drive the car himself at all, but must have it moved by someone who has a license."

Mason said he was directing his warning particularly to students and other young people who this spring will be applying for the first time for drivers licenses.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Signs of the Times

There is a committee working hard for the progress of the North Tahoe area, by erecting signs, one at the entrance of the Truckee short cut in Truckee, where a better location than the last has been found, and also at Highway 50 and 28—in Nevada.

These signs would be lighted and would help in directing vacationists to this part of the lake which is becoming more popular as the years go by. We feel sure that any expense by those that would benefit, but, as far as that goes if we get the people—everyone in the community will benefit directly or indirectly. You are in-

terested we feel sure, so call Earl Gray, Fred Schultz, or the writer, or you may send a donation now. Let's get these signs up before the big business starts, nothing can stop it this year, you'll see.

Baseball

I never did see any young ladies so elated as those that attended the baseball games between the Tahoe-Truckee High School and Yerington which was won by a score of 7 to 4, too. Another winner when they defeated Monogone by a score of 14 to 12. The boys are sure off to a great start, enthusiasm is running high and the old spirit is dominant, so how can they lose?

Home Again

I see the Loren P. Mosiers are back from their long stay on the Hawaiian Islands, and Loren says it was wonderful, but, a lot more rain than usual. The Mosiers own the Veran Villa resort at Crystal Bay.

Church News

There was just about a full congregation at the Community Methodist Church at Kings Beach last Sunday morning, when representatives of the Lake Tahoe Lions Club attended and listened to a remarkable sermon, "The Ethics of Lionism," referring to Jesus as the Lion of Judah—made all those Lions present feel how wonderful it would be to live by the ethics of Lionism in our business, social and everyday life. The choir rendered a special number, "My Task" and the judge sang, "It Is No Secret What God Can Do."

When Rev. A. B. Covher first

came to the church there was a small congregation and now it has far more than doubled—thanks to his ability for organization.

The chow mein dinner was well attended, it looks now as though the robes for the choir are assured. Let's keep up the good work.

Four persons became members, Mr. and Mrs. Jimmie Chastain and Mr. and Mrs. E. E. (Skeet) Thompson. The Chastains and their daughter, Cathy, were baptized.

Reception

Charlie More and Pat Allen inform me there will be a reception after the wedding which will be solemnized at 2 p.m. on Saturday, April 23. They wish to invite any of their friends to meet with them at 3 p.m. on that day at the Sierra Lodge, Crystal Bay. Come up and send them off on a long road of matrimony.

Going Up Now

There is a bunch of fellows working like trojans on the ground recently purchased by Joby Lewis, where he intends to build a club that the community may be justly proud. Paul Wright is the contractor assisted by local men, Brooks and Painter. Oh yes, Fred Baker was also on the job excavating. It is hoped that the club will be opened in all its glory by the beginning of summer.

Wedding

This is, I am afraid, a little tardy, but it is of so much interest to the friends of this couple that it is really worth while. William Douglas Mercer (Bob Mercer to most of us), son of Mrs. Frank E. Mercer of Crystal Bay, and

Marilyn Baker, daughter of Mr. and Mrs. J. Arthur Baker of Oakdale, were married at Oakdale on March 31. The Baker home was decorated for the wedding and reception that immediately followed. Bob is well known in this area, and his bride before her marriage was a teacher at Kings Beach school and is also well known here. The bride's brother, John G. Baker acted as best man and Mrs. J. E. Cassidy of Bishop, was the matron of honor. Bob will attend San Francisco City College, majoring in engineering. Mrs. Mercer will teach in San Francisco, but plan on coming to the lake for the summer.

Stocking Up

Jerry Culbertson who runs a variety store in Kings Beach is back and getting ready to open up for the season. Roy Porath of Kings Beach Variety Store has received a large stock of goods. Says Roy. We will not get stuck on anything this year, we'll have everything for a person's need.

Carnival

Naomi McLane reported to me that there will be a PTA carnival put on by the members of the Tahoe Lake School—there will be many booths and other attractions—everyone is cordially welcome. Won't you come and help us out?

Upset

Shaken up but not hurt particularly, was Don Painter when his big dump truck loaded with earth turned over on its side in Kings Beach. Quite a sensation, says Don when you feel the vehicle is actually capsizing. Hope you don't feel any ill effects, Don.

Boat Port

Jerry Cornell of Sportsmans Port, Tahoe Vista, arrived a few days ago, after quite a good season in Florida where he worked in the boat business, taking out four boats to rent, and bringing same back intact.

Snow

Went to bed last Saturday night—leaving the weatherman as grumpy as could be, I figured in a mood like that, we could expect something out of ordinary, and sure enough next morn, he had opened up the murky skies and let a little snow down. Now, Sunday, it is beautiful, snowing quite heavy—golf course white instead of green as it was yesterday. Everybody as happy as can be, hope it keeps going for a while—we sure need it.

New Laundry

Just had a visit from the C. A. Robertsons, who are newcomers, that is to live in our beautiful community. They are building the laundry that you see going up at the corner of Brook and Coon in Kings Beach. It is, I understand, their intention to run a wholesale business. There will also be a dry cleaning plant, that will be run by Jimmie and Millie Chastain. They hope to open up around the 15th of May or 1st of June. The Robertsons' came especially to order the Sierra Sun, nice, eh?

Trees

When the Boy Scouts of America go to do a job, they do it on short order. Nineteen boys of Troop 31 went from this area, led by Red Waddell and Bud Mandeville, to join others and there was close around 100 as they planted Jeffrey pine trees. Approximately 6000 were planted around the Tahoe National Forest where fires had devastated many acres. It is said they did as much work between Saturday morning and Sunday afternoon as would have taken the U.S.F.S. a couple of weeks with their limited personnel. The boys had a swell time being fed hot-cakes and bacon for breakfast, sandwiches for lunch, and stew for dinner. They did a bang up job. They were up around Loyalton in the Sierra County.

Home Again

Oh yes, the globetrotter is back again, after spending the winter in Hollywood instead of traveling. Anna Blau is back at her home in Tahoe Vista, and is feeling like a million. Welcome home, Anna.

New Owners

Mr. and Mrs. James Jackson of Sacramento have purchased Pine Haven Resort at the bottom of Brockway Hill, from the Bennetts. Jackson has been engineer at the county hospital in Sacramento for many years, and formerly from Scotland. The property has eight cabins, and the Jacksons will build more in the near future.

Great Show

Local talent of the best order will be on tap at the variety show at the Brockway Theater, Kings Beach, on Wednesday, April 27, when the doors open at 7:45 and the show starts at 8 p.m. Jimmie Chastain will be the M.C. The best of it is, says Jimmie, most of the acts will be on the comedy side, in fact there will not be a dull moment. The show is being sponsored by the Community Church. So don't fail to be on hand for "the greatest show on earth," Tahoe style.

Andy Home

Very pleased to report that Andy Sorenson is home for a time, having made the trip from the bay area, accompanied by his wife, Alice, by airplane. He will remain at home for a while before returning to the veterans' hospital at Fort Riley for another operation on his eyes.

Has Operation

Max Burroughs just informed me that his wife, Thelma, underwent an operation at the Washoe Medical Center last week and although recovering nicely will be in the hospital for a week or so. Friends may call on her if they have time and will be welcomed.

Two powerhouses, Moccasin Creek and Early Intake, utilize the drop of water from higher elevations in the mountains in its course to San Francisco.

SPRING MUD WON'T STOP THESE

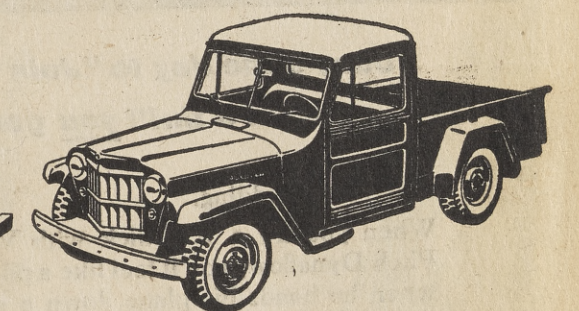

Jeep

4-WHEEL-DRIVE

They Get Through When Others Fail

UNIVERSAL **Jeep**

Jeep TRUCK

'Jeep' 4-wheel-drive vehicles are rugged, hardy and built to withstand brutal day-by-day usage. 4-wheel-drive traction gets them through mud, muck, sand, ice or snow when others fail. They can climb grades up to 60% fully loaded.

The uses of these sturdy 'Jeep' vehicles are almost numberless. Example: they can carry power driven machinery to hard-to-reach places... with the power take-off, they can supply the power.
Low first cost, and low maintenance and repair bills make 'Jeep' vehicles easy on your budget.

School News

TRUCKEE ELEMENTARY
Kindergarten: We have been reviewing the numbers one through ten and illustrating them with pictures and concrete objects.
On Tuesday Kathy Braasch and Gary Waters celebrated their birthdays with a double party at school. Their mothers brought cupcakes and ice cream for the class.

Friday we went for a walk to observe signs of spring. We discussed what we had seen, and everyone drew a picture depicting what most impressed him.
First Grade (Mrs. Croxen's): During the past few weeks, we have been reviewing our year's work. Each child is finding out what he needs to work on for the remainder of the year.
We have also just started addition and subtraction combinations.

We use counting pegs and then write our combinations. We also drew pictures showing the combination facts.
First Grade (Mrs. Bissett's): Now that we have studied groups of objects through ten, we are learning to read, write and derive addition combinations. First, we used objects and pictures. Now we are using number words and figures.
Second Grade: We have reviewed many things such as telling time, the o'clocks, half hours and quarter hours, fractions one-half, one-third, one-fourth, the ordinals through tenth, and writing numbers serially in the higher hundreds.

Third Grade: Arithmetic emphasis has been placed on writing numbers in columns, place values, addition with carrying, and subtraction with borrowing. Story problems using numbers in grocery bills, purchasing clothes and buying toys and books are being done in group one.

Fourth Grade: As part of our arithmetic we learned to measure for the titles and legends of our maps. Some of us are learning our sixes in multiplication and division. We shall add one group each week. All of us have been working on the understanding of what our "tables" mean.

Fifth Grade: In arithmetic the fifth grade has been working on fractions and decimals. Several of the students were surprised to discover that they were already somewhat acquainted with decimal fractions, since they already knew about writing monetary amounts. Richard Donnis, Charles Berger and Dorette Rose were especially interested in our new work, while almost everyone in the class agreed that learning to add and subtract fractions and decimals is quite worthwhile.

Sixth Grade: Much attention has been given to problem solving techniques, since we have learned all the arithmetical processes involved in doing them. These problems have taken on a new challenge, because they are much like a puzzle; that is, they require some thought and a knowledge of reading in order to do them.

The sixth grade girls met the fifth grade girls in a softball game, and won.

DONNER TRAIL

Our older boys finished their hunter safety program this week. They all want to thank Lonny Goss for his help in giving them this training. It so happened that at the same time of this hunter pro-

DRIVE TO START FOR MEMBERS OF LAKE TAHOE GROUP

TAHOE CITY—Directors of the Lake Tahoe-Sierra Chamber of Commerce, at their monthly meeting at State Line, Friday night, went on record as endorsing a plan of sports magazine representative for better fishing in Lake Tahoe.

Upon the report of the Chamber office management committee that an unprecedented number of requests for brochures is fast depleting the supply, with postage for the month of March alone amounting to over \$100 (it was decided to start a preliminary membership drive at once for funds to buy a new supply of brochures. Orders for brochures, and various information on Lake Tahoe, it was stated by the office management, are coming from foreign countries also, probably partly as a result of the United States Olympic committee choosing Squaw Valley as the site for the Olympic games. The regular membership drive has been set for late May, when all resort owners are expected to be in and resorts all open for summer business.

Some doubt was expressed at the meeting as to the advisability of an expenditure of over \$200 for photographs authorized by C. W. Vernon, chairman of the office management committee, and sent to a Texas contest advertising agency. Winner of the contest is to receive a new speed boat and expense paid vacation for two weeks for four people with the choice of Florida or Lake Tahoe.

gram we had a short film on conservation. It was in cartoon form and showed all the children just how to save our land and our forests. We decided that one can't have a good hunter's program without a good conservation program.

Lynn Baker and Sharon Winn are in charge of arrangement for the Public School Week Open House that is to be held on April 25 at 7:30 p.m. Everyone is invited.

In our social studies on our American neighbors we saw some very good films on Columbia and the growing of bananas or "Green Gold" in the Central American countries. We found that we could use our health and our arithmetic besides social studies in the study of these films.

ESSAY TELLS OF ADVANTAGES OF TRADING AT HOME

In a recent essay contest, sponsored by the Truckee Rotary Club, students at the Tahoe-Truckee High School provided some interesting materials, offering ample evidence that trading at home is a profitable and beneficial practice.

First place in the contest went to Carol Street and her essay was previously published. Second place honors were given Carol Levy and her paper follows:

WHY WE SHOULD SHOP AT HOME

By CAROL LEVY
Local store owners need our support! Every community has its group of stores. The number and the type of the stores will vary depending on the size of the community. These stores are operated for two main reasons: to make money for the store owner and to serve the community. We should support these stores by patronizing them; we should support these stores by encouraging others to buy at them. Without the support of the community, these stores cannot afford to remain and they will not remain.

Another reason people should shop in their own community is because each store owner knows what the people want. A clothing store will carry the kind of clothes

Vernon told the directors the 180 enlarged photos of Lake Tahoe, and brochures displayed in windows of business place entering the contest through the state of Texas, is good advertising regardless of whether the winner chooses Lake Tahoe for the vacation.

He said it was gratifying, when on the day following the chamber meeting, Chamber Secretary Myrtle Carnell, reported receipt of a letter from Dallas, Texas, telling of the broad publicity Lake Tahoe is receiving, and will continue to receive through April by banner and poster displays in principal cities in Texas, as well as TV Sportscasts featuring Lake Tahoe. The letter said proof of the publicity and scope of the contest is being forwarded under separate cover.

Black and white vertically striped buoys in waterways indicate the middle of a channel and should be passed closed to but on either side, for safety.

needed for the area; it will have in stock the style of apparel the people of the area wish. Local store owners are willing to send a special order for a good customer. Small stores are more friendly, more personal than the large department stores of cities. It is true that on occasion a store will be out of a particular garment that is desired, but with sales being unsure, a store owner cannot take the chance of overstocking. If people would continually support the stores in their community, store owners could be more sure of the demands and have more goods on hand.

Why should a person go out of his area to shop? By the time the cost of gas, oil, insurance, and depreciation is figured for your car, you are not saving money. It is true that prices of groceries are higher in this area, but that is due to the cost of shipping. Drugs are no higher in Tahoe City or Truckee than they are in Los Angeles or San Francisco. Many concerns have their goods premarked, so prices cannot be raised higher than those set by the manufacturer. Higher prices are of a necessity;

the store owner is not receiving more profit because of his prices. When we buy an article at a local store, whether it be a grocery store, drug store, or clothing store, we are, in a sense, putting our money into the community. If our money is not put into the local shops, our community will not progress. The shop owners will have no means to expand. If our money is taken out of the area, growth will be at a standstill.

The social aspect of shopping in our own district is second only to the economic consideration. Most people know the storekeepers and, many times, are their good friends. This, alone, should bring people to the local stores. This personal relationship between the store owner and the shopper is very important and is one of the main reasons many people shop at their local stores.

Yes, we should support our local stores. They need us, it is true, but it is a two-way deal. Without stores, progress would be halted. In supporting the stores, we are helping our friends. Help support the community by shopping at your local stores.

Want to feel
like a pilot feels?

HOTTEST BUICK IN HISTORY

No wonder you see so many '55 Buicks on the highways — they're rolling up bigger sales than ever before in history — topping the popularity that has already made Buick one of the "Big Three" of America's best sellers.

Today's the day to "Join The Test Pilot Club" and see what a thrill you get when you try Variable Pitch Dynaflo®

We're not kidding.

When you try a '55 Buick with Variable Pitch Dynaflo, you'll feel like a pilot does when he heads his plane down a runway for take-off.

For you, in the driver's seat, are doing what that pilot does — you're changing the pitch of your propellers — one way for instant response on getaway — another way for better gas mileage in cruising.

Your propellers are whirling in oil, deep inside the Dynaflo unit. When you press the pedal in the normal way, you hold those propellers in their economy angle — and you enjoy plenty more miles from your gasoline.

But when you want instant acceleration — for quick getaway, or for a sudden safety-surge of emergency power — you just press the pedal way down, and — with absolute smoothness — you get

the action you want, and split-second quick.

It's the thrill that's the talk of the industry — performance unlike anything you have ever known before on the ground.

And so many folks have been asking to try it that we Buick dealers across America have set up April as "Test Pilot Club" Month. All it takes to join the "Club" is a test drive at the wheel of a new Buick. That's all.

So we cordially invite you to win your "wings" — to try the spectacular performance of Variable Pitch Dynaflo — and to feel the mighty V8 power that puts the whip to these gorgeous new Buick beauties. Drop in this week.

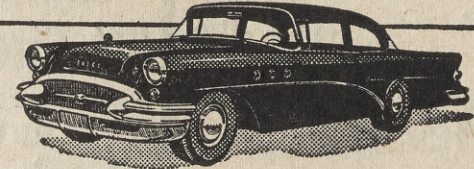

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Local delivered price
of the 1955 Buick SPECIAL

2-Door, 6-Passenger Sedan, Model 48 (Illustrated) is

\$2627.00

Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities. Even the factory-installed extras you may want are bargains, such as: Heater & Defroster — \$81.70; Radio & Antenna — \$72.50.

Said a sleuth: Ah! The mystery's unravelled! — About cars that "take off like a javelin."

But with Dynaflo's switch Of its Variable Pitch —

You were here. Now you're there.

Boy, that's travelin'!

(Why don't you try a Buick?)

SUMMIT SCENE

by FRAN COUILLARD

Us—with our blabbing about summer! (If you read our column of last week—just skip the whole thing—for, winter is here!) An old saying in these parts is "we have two seasons. July, August and winter!" If the 17th of April can deluge us with 16 inches of beautiful, white powdery snow and threaten us more with the frowning of the heavens, at the present time, then we cast in our sponge as a weather prophet, put on our ski britches, hang up our sun suit and cease predicting. If the roads

can be closed to traffic when our gates are open to summer, if cars can get "snowed in" when their owners just came to the mountains "to get their bearings for fishing and such"—we sincerely hope that they didn't read our last blurb, and won't sue us for false information. But it was sunshiny and warm last week, honest it was!

Many of our lodges had put out the "Do Not Disturb" sign on their front doors, blissfully anticipating a period of siesta for (it says here) skiing season is over. But they reckoned without the indefatigable spirit of their skiing friends and more than were expected, by a long shot, climbed up these moun-

tain walls to get in a few more licks. Came a lot of last minute organization to feed the board lovers and closed dining rooms had to be reopened and such. Anyway the boys are used to emergencies—so all were fed and those who weren't snowed in, went down the mountain happy. Wonder what next week will bring—with the reports of fine, skiable stuff?

A letter on our desk has a postmark of Richmond, California. But the inside stuff is a far cry from Richmond. Just a note written on an intriguing map from Irma Lederwood says, "I simply can't believe it but I leave tomorrow on the enclosed tour." So on April 13th—to May 20th—we follow Irma on her map from New York to Madrid, to Rome, to Athens, to Cairo, to Beirut and Damascus, to Jerusalem, to Tiberias, to Zurich, to Geneva, to Paris, and thence to Amsterdam. And it couldn't have happened to a nicer person.

Then—as though that wasn't enough—we also find a folder which takes care of (and places) Al Lederwood for the summer. The folder starts off like this—"Meet Al Lederwood, who is conducting both of Reddy's Alaska Tours this summer, taking off from Seattle on Northwest Airlines on either June 23rd or July 14th." You might remember that we reported that Al and Irma (both well known Soda Springs summerites) took themselves off to Alaska for a jaunt heretofore. Al was so impressed that he has spent numerous hours delving into the early history, the people, gold stampedes, fishing, hunting, mining, the mountains, glaciers, and now the great military bases. The folder says "While above the Arctic Circle at Kotzebue, Mr. Lederwood made friends with many of the Eskimos and has practically adopted one family."

So we presume that Irma will return to Richmond in time to change her clothes and take off for Alaska with Al. They ask me if I would like to go which I would—but can't, at this particular writing. Anyhow—for my information the "deal" which includes everything costs \$912.25, in case you would like to join Al's adventure.

More Pleasantness: Our Max Wil-

NOTICE OF ELECTION

**ERNIE SCHICKLER
GETS AWARD FROM
NATION SKI GROUP**

TAHOE CITY—Ernest S. Schickler, who, for the past three years, has been active as the head of the Squaw Valley Ski Patrol, recently received a letter from National Director Edward F. Taylor of the National Ski Patrol System of Denver, Colo., enclosing an important appointment to high office in the Ski Association, and with it a badge of honor.

The opening paragraph of the letter ran as follows: "The Board of Trustees of the National Ski Patrol System takes sincere pleasure in presenting you with badge No. 1719, and your appointment, which is not only an honorary award in recognition of your proven abilities, but also an indication to the skiing public of your ability as a leader."

Schickler's appointment was made on recommendation of Regional Chairman Larry Marks, and the section chiefs of this region, Harry Johanson and Roy Stenmark. It carries additional responsibilities to the National Ski Patrol, as well as to all skiers in the region.

Schickler has had training and experience in various lines and in many places.

In the course of his years of activity in these lines, Ernie's unique and outstanding skill has been the means of saving many lives, and in all his public service he has never hesitated for any personal reason when the chance offered to be of service to others.

please, Pic—leave some for me later on in the season, will yuh? Ken and Esther Heimbach of Rainbow Tavern—never intending to close their doors—take advantage of a quiet week to slip away to the valley and loll a bit before they reorganize for summer. Part of their "reorganization" is Margaret Lewis—former head waitress of Donner Summit Lodge who enchanted the latter's guests all winter with her German accent. Says Ken, "I'm looking forward to a terrific summer. Some of the cabinates at Rainbow have moved in already for the season." (Wonder if this past weekend's blizzard blow them down the hill—or snowed them in?)

A lot of reconnoitering at Cisco—means that the boards will come off the Cisco summer cabins before long, too.

I think we've introduced you to Louie and Fran at old Vanderford's. But one thing we didn't mention—and hasten to, before you're all booked up dinnerwise for the season, is this: Louie and Fran serve Spanish food de luxe! All who have tasted it say "Umm!" Just a few hours notice is all they need—and they prefer parties of eight or more.

And, as we are headed that way, at the present, we'll elucidate further. At the present we merely echo the fantastic reports of our many friends who leave Vanderfords looking a trifle dazed and plenty sated.

CHAMBER MAN HERE

William Clayton, manager of the Sacramento Valley District of the California State Chamber of Commerce was here last week to discuss with local chamber members plans for the forthcoming Olympic winter games and offer any possible assistance in opposing the proposed Washoe Project in its present form.

ELECTRICITY

Another Reduction
In RATES

When you buy electricity, you're getting today's biggest bargain.

Electricity's a bargain—two ways.

Its a bargain in price, while the general cost of living has gone way up, electricity to the District's Customers is going down. Yes—another reduction in electric rates starting May 1.

Electricity is a bargain in value. Nothing you buy does more for you—in saving time, in cutting down drudgery, in bringing better living.

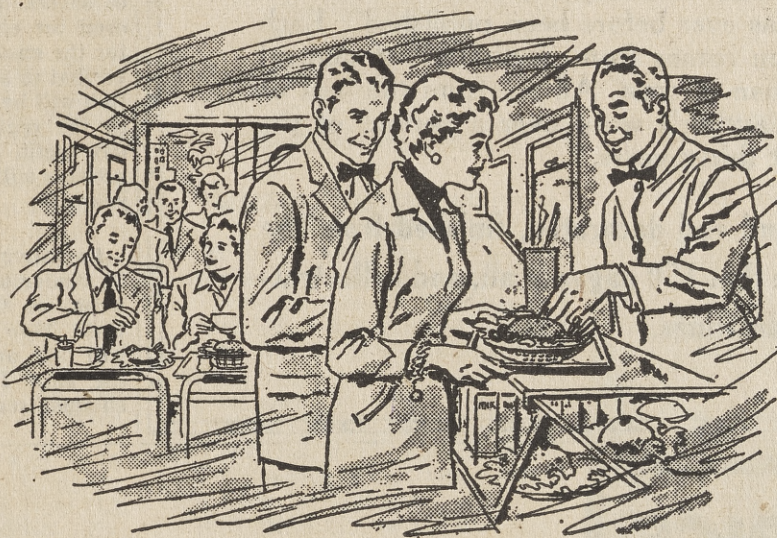

The more electricity you use, the better the bargain.

Go all electric... and take full advantage of today's biggest bargain.

"A hamburger rare
and a chocolate shake"

If you heard someone ordering that on a train, you might think they were just teasing the waiter. But not so. For Southern Pacific now has most of its 26 new Hamburger Grill Cars in use, with cafeteria service featuring juicy 1/2-pound hamburgers, milk shakes, and the sightliest of salads. These cars are running on nearly all the through passenger trains of S. P.

It's another example of how Southern Pacific tries all the time (and in many ways) to give you better, newer, and more satisfying service—passenger and freight. We are your railroad—serving more of the West and Southwest than any other railroad. Hamburger, High Sierra, or gently handled freight, we try to bring you things you want for your dollars.

GATES STILL CLOSED
TAHOE CITY—All gates into the Truckee River at Lake Tahoe remained closed for the fourth week in a row Monday. The Sunday storm left eight inches of snow, with .66 of an inch of precipitation, Art Frodenberg, cooperative

observer, reported. Monday the temperature dropped to a cold 15 after a high of 54 on Saturday.

Go South—

Mr. and Mrs. Carl Bechdolt, Sr., left yesterday for a vacation trip to Los Angeles and other points of interest in southern California.

NEWS NOTES FROM TAHOE

By Ethel Joslin Vernon

Although the storm was predicted for Saturday afternoon in the mountains, it didn't reach this locality till about noon on Sunday. Then, with a southwest wind the clouds gathered and the flurries started. The wet snow continued to fall throughout the afternoon and far into the late evening. Very early Monday morning the skies cleared and temperatures fell, reaching a minimum of 15 above. Weather Observer Art Frodenberg, on Monday morning, reported his measurements for the week-end storm as .66 in. precipitation, with a fresh snowfall of 8 inches. The lake level stood even, at last, at 6226.00 feet. The barometer was rising, and Frodenberg's cheerful prediction was, "I think this is it—as far as lingering winter is concerned. Now maybe we can look for summer."

Slight Quake

On Saturday evening, at exactly 17 minutes to nine o'clock, a slight earthquake was felt by second story dwellers in Tahoe City. It came in a short, sharp jolt, with a deep rumble. The tops of sign boards along the street were seen to shake sharply.

Lake Fishing

Lake fishing is still a little under par in general, and the older local fishermen seem to think it is mainly because the near-shore waters have not warmed up sufficiently to induce the big trout—or the little ones either—to leave the less-chilly depth. Ernie Pomin of Idlewild, who has spent more fishing seasons on the lake than any other fishermen in the entire region, says that, for one thing, the minnows have not yet come in along the shores for the season. When he went out to gather in his bait he found among all his traps only three or four little min-

nows. So he has had to resort to the artificial kind part of the time. However, he has managed to take a few nice limits beginning with the morning of the opening day when he landed a large mackinaw which made a nice fish dinner for himself and house guests. During the past several days Ernie has had the most enjoyable company on his fishing excursions, as his daughter, Vivian Sabonage of Sacramento, has been visiting and going fishing with him.

Has Flu

Mrs. Mazie Carnell of this city was among the several unlucky Tahoeites who were caught in the light flu epidemic here during the past week. She was removed to the Tahoe Forest Hospital for observation and x-rays, but it was found this week that the pneumonia danger had been successfully avoided, and she is now convalescing very nicely at home.

Entertains

Mrs. Dorothy Forbes of Piedmont is already in her lakeshore summer home, Blue Paradise, for the season, and has entertained several house parties. She is busy this week directing the installment of a heated swimming pool which is being added to the many conveniences of the beautiful home.

Makes Inspection

George Kehlet, manager-owner of the Meeks Bay summer resort, who winters in Palm Springs, motored up to Tahoe last week with a friend. He made a tour of inspection about his resort to help put things in readiness for an early summer opening. The two gentlemen arrived in Tahoe City on their way out just in time to attend the Tuesday night Rotary dinner-meeting.

Plan Show

The "Hits and Mrs. Club" announce this week that they will put on their first big entertainment in the Community Center here on the evening of May 12. It is sponsored by the Women's Club of Tahoe, and there will be a dance followed by refreshments. It is to be a benefit affair, with proceeds to be turned over to the Tahoe Forest Hospital.

Club Meets

The Women's Club held their regular monthly luncheon meeting last Thursday at the Granlibakken Ski Lodge. After a very short business meeting the ladies enjoyed a chow mein luncheon, and spent the later hours at cards.

Big Races

The biggest ski races of the season were held in the Sugar Bowl ski area on April 16 and 17, when the North American championships were run off. Tahoe residents who took part in various ways included the following: Jack Starratt, in official capacity, to help put on the races; Lewis Fellows, Tahoe's most prominent young ace who entered the competition, and three other entrants from this club, Gordon Butterfield, Jim Baker and Bill Briner.

Club Meets

The consolidated ski clubs, who last week decided to continue the merger and be known as the Squaw Valley-Lake Tahoe Cki Club, met on Friday evening for a special meeting at the Tahoe Inn. The nominating committee, including Bill Bechdolt, James Stuart and Dodie Post, presented the names of several nominees to be considered for election as club officers for the ensuing year, and announced that in addition further nomination will be allowed from the floor at the regular meeting next Friday night. At that time the club officers will be duly elected for the year.

Leaves For

Kay Starratt, daughter of Mrs. A. M. Anderson of this city, left last week for the vicinity of Jackson Hole, Wyo., where, as usual she will take over the management of the Elbo Dude Ranch when the summer season opens there.

First Vacation

Glenn Miller, employee of the Village Store here for the past several years, is taking his first big vacation this spring. He left in his new car a few days ago to motor to Kansas, his native state, for a three weeks visit. He has several relatives there whom he hasn't seen for years, and will visit with his mother, who recently expressed a definite wish to see him.

Visit Tahoe

Mrs. Temple Bridgman, with a friend, Mrs. C. Thompson, motored here from Los Angeles during the past week and spent Wednesday, April 12, visiting at the A. M. Anderson home. On their way out over the Donner Summit the two stopped over at Sugar Bowl for a visit with Mrs. Bridgman's daughter Ann, who has been employed in that winter sports area through the past winter. Another visitor at the Anderson home during the week was Mrs. Lee Compton originally of Cambridge Station, Nova Scotia.

Observe Birthday

A group of Tahoe City friends motored to Reno one day last week to celebrate the birthday of Mrs. Ida Simmonds of this city, who went along as guest of honor. A delightful birthday luncheon was enjoyed and Mrs. Simmonds was joined by her step-daughter, Mrs. Ethel Hancock of Reno who did the honors from there on by driving her step-mother on a scenic trip about the spring-fresh Nevada countryside.

House Party

The Palacial Stack summer home, on the cliffs at Crystal Bay, was opened to a house party for several days last week when James Stack, with his wife, the lovely Wanda Hendricks of motion picture fame, came in for a short vacation. They entertained a party of friends from the coastal regions, and enjoyed the last the ski-fun in the various sports areas.

Buy House

Mr. and Mrs. S. T. Paine of Burlingame last week purchased, through Realtor Elsie Martin of this city, a large ranch-type home on the shores of Agate Bay. The Paines moved in several days ago, and having plenty of room in the new home, they have been entertaining several of their city friends.

Oaklanders Arrive

Mr. and Mrs. A. F. Wilkie of Oakland are among summer residents who are in the resort country early this spring. They have been busy through the past week at their Tahoe Park resort, getting the cottages ready for opening early in May.

Enjoy Sports

Summer home-owners, Mr. and Mrs. J. Phillip Murphy of Piedmont, are spending this week enjoying the latter days of this season's ski sports in Squaw Valley. They have all their children with them on the vacation except their

Moves to Al Tahoe—

Mrs. Norma Highfill recently changed her address from Concord to Al Tahoe, Calif.

Back From Arizona—

From Castle Hot Springs, Ariz., has arrived Rose Boyaides to live in Tahoe City for several months.

eldest son, Jay, who is at present on duty at his service station in the east.

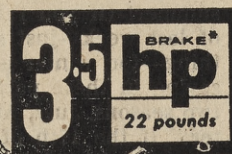

At Chalets

Other summer residents who took lodgings at the Lake Chalets in Tahoe City for several days last week were Mr. and Mrs. A. F. Hotle of Piedmont, with their sons Jim and Bob and daughters Helen and Louise.

Tahoe Visitors

Among those from outside who visited relatives in this locality during the past week were the following: Mr. and Mrs. Malcolm Fox and daughter Tabor of San Mateo, who spent several days with Mrs. Fox's parents, Mr. and Mrs. A. M. Henry of this city, and Mrs. Mary Plant and son Fred of Roseville, mother and brother of Mrs. Henry, who also were house guests of the Henrys. Another visitor here was Donald Stark, a former Tahoe City resident, who spent the past week visiting with his grandparents, Mr. and Mrs. Roy Stark, in their home at Dollar Point. Donald had just completed his basic training for the service at Fort Ord.

LIKE TO LEARN A NEW GAME?

It's called "Get What You Want," and the whole family can play it! First, choose an over-all amount, such as \$100, \$250 or \$500. Then ask each member of your family to choose something he wants, for his share of the total. The rest is simple—start a B of A Savings Account and save systematically, making deposits of \$2, \$5 or \$10 a week for one year. In this way you'll have the money before you know it! It's also a fine way to save for a vacation trip or some other large-scale family project.

DOES YOUR HOME NEED ATTENTION?

If so, here's good news! You can fix a leaky roof, build a patio, or make more than 150 other home repairs and improvements with convenient, low-cost *Tenplan* financing. Do it now and pay out of income in small monthly installments—you have up to 36 months to pay. Financing arrangements can be made through your *Tenplan* dealer or contractor—or at our bank.

? B of A Quiz Corner ?

DID YOU KNOW THAT you can enjoy the convenience of a Tenplan checking account at our bank without having to worry about a minimum balance? The only money you need keep on deposit is enough to cover the checks you write. Tenplan costs only \$1.25 for each book of ten checks.

More Arrests, Fewer Accidents Reported By Patrol In Area

A sharp drop in the number of accidents in the Placer Area of the California Highway Patrol for the first quarter of 1955 is noted in a report from the Roseville headquarters. The area extends from the Sacramento County line to the Nevada state line on U. S. 40 and the adjoining territory.

Personal injury accidents dropped during the last quarter from 31 to 18 or 41.9 per cent.

Fatal accidents were reduced 50 percent with only one fatality as compared to two during the first quarter of 1954. Property damage accidents showed a 45.2 per cent decline with 42 for 1954 compared to 23 this year.

Persons injured went from 50 in 1954 to 36 this year, a decline of 28 per cent.

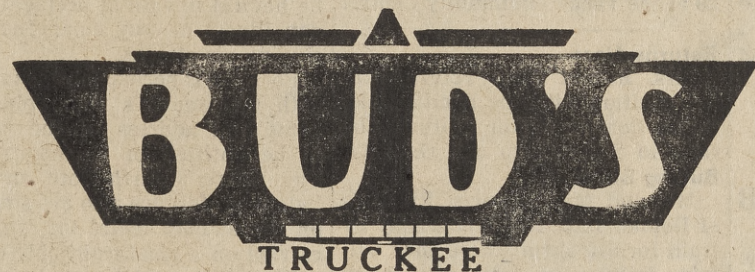

The number of moving violation arrests, however, showed a strong upturn with a gain of 85.4 per cent this year. The 729 arrests this year compares with 447 for 1954, indicating that the vigilance of the officers and a more concerted arrest program is tending to eliminate accidents.

Patrol Will Cite Drivers Without New Licenses

SACRAMENTO (CNS)—The California Highway Patrol announced it will begin immediately to cite motorists who do not display their 1955 motor vehicle registration tags.

Patrol officials said they have been informed by the state department of motor vehicles that registration renewals for the year have been completed.

NOTICE OF SALE OF REAL PROPERTY

NOTICE IS HEREBY GIVEN BY PLACER COUNTY TITLE COMPANY, a corporation, trustee under that certain deed of trust bearing date of the 4th day of February, 1948, and found recorded in the office of the County Recorder of the County of Nevada, State of California, in Book 127 of Official Records, at page 145, et seq., and made and executed by Donner Summit Company, Inc., a corporation, as trustee, to Placer County Title Company, a corporation, as trustee, and John S. Flagg and Florence M. Flagg, his wife, as beneficiaries; that said trustee will, on the 6th day of May, 1955, at the hour of 2:00 o'clock P.M. of said day, in front of the Donner Summit Lodge building, Highway 40, Soda Springs, Placer County, California, sell at public auction, as provided in said deed of trust, and as provided by law, the real property described in said deed of trust, and more particularly described as follows:

All that portion of the Northeast Quarter of Section 22, Township 17 North, Range 14 East, Mount Diablo Base and Meridian, described as follows, to-wit: Beginning at the Southeast corner, which point is located in the center line of the Yuba River and on the North property line of Highway 40 from which point Highway Station 676.60, which is located North 71° 8' West 1846.90 feet from the Southeast corner of the Northeast Quarter of said Section 22, bears North 63° 15' East 110 feet; thence from said point of beginning South 63° 15' West 745.80 feet along the North property line of Highway 40 to a point located on the North property line of Highway 40, and the West property line of Section 22, and known as the Southwest corner; thence North 18° 41' West 552.60 feet along West property line of said Section 22 to a point on the West property line of Section 22, and the approximate center line of the Yuba River and known as the Northwest corner; thence North 66° 0' East 86.80 feet to a point; thence North 85° 50' East 116.20 feet to a point; thence South 83° 40' East 105.60 feet to a point; thence South 87° 7' East 60.0 feet to a point; thence South 84° 0' East 102.20 feet to a point; thence South 63° 30' East 506.0 feet to the Northeast corner and the point of beginning.

point; thence South 87° 7' East 60.0 feet to a point; thence South 84° 0' East 102.20 feet to a point; thence South 63° 30' East 506.0 feet to the Northeast corner and the point of beginning.

All bearings from the Northwest corner to the Southeast corner are along the approximate center line of the South Fork of the Yuba River. Also, all that portion of the Southeast Quarter of Section 23, Township 17 North, Range 14 East, Mount Diablo Base and Meridian, which lies Northeasterly of the right of way of the Central Pacific Railway Company (excluding the right of way of the State Highway which runs through the property) containing 27.35 acres, more or less.

Also, Lots 1, 2, 3, 4, 5, 6, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 24, and 25 of "CASTLE CREEK SUBDIVISION NO. 1," located in Section 23, Township 17 North, Range 14 East, Mount Diablo Base and Meridian, all as said lots are designated and laid down on that certain "Plat of Castle Creek Subdivision No. 1," prepared by Drury Butler, which map was filed in the office of the County Recorder of the County of Nevada, on August 3rd, 1932, being Map No. 43.

That said sale will be made for cash, legal tender of the United States, to the highest bidder, the full amount of the purchase price to be paid at the time of the sale.

NOTICE IS FURTHER GIVEN that default was made under said deed of trust, that notice of said default and of election to cause the property to be sold was filed in the office of the County Recorder, County of Nevada, State of California, on the 24th day of June, 1953, and is of record in Book 185 of Official Records, at page 588, and that more than three months have elapsed since the filing of said notice of default, and that the defaults under said deed of trust still continue.

Dated this 11th day of April, 1955.

Assembly Committee Gives Approval To State College Issue

SACRAMENTO (CNS)—The assembly committee on constitutional amendments has approved legislation which would allow the people to vote on a \$100,000,000 bond issue to provide for capital outlay at California state colleges.

The measure was given a do pass recommendation with the understanding that the author, Assemblyman Wallace D. Henderson of Fresno, would not press for passage by the legislature unless the governor's proposed \$200,000,000 bond issue for state capital outlay is reduced or defeated.

Henderson told the committee his proposal was to provide insurance that expansion of state colleges would proceed regardless of what happens to the administration's plans for financing state building needs.

The governor has called for the expenditure of more than \$400,000,000 during the next five years to construct new state facilities for all state departments, including state colleges. Constitutional amendments have been offered in both houses of the legislature which would provide for \$200,000,000 of that sum through a bond issue.

Henderson also expressed hope that, should his proposed bond issue be approved by the people, the bond money could be spent beyond the next five years if necessary to meet building needs at state colleges.

Boundaries of the District of Columbia were proclaimed March 30, 1791.

A cement plant built in 1909 by the City of Los Angeles at Monolith, Kern County, supplied cement for the Los Angeles aqueduct.

NOTICE OF SALE OF REAL PROPERTY UNDER TRUST DEED

NOTICE IS HEREBY GIVEN BY PLACER COUNTY TITLE COMPANY, a corporation, trustee under that certain deed of trust bearing date of the 31st day of July, 1948, and found recorded in the office of the County Recorder of the County of Nevada, State of California, in Book 103, of Official Records, at page 205 et seq., and made and executed by Donner Summit Company, Inc., a corporation, as trustee, to Placer County Title Company, a corporation, as trustee, and Placer County Bank, a corporation, as beneficiary, that said trustee will, on the 6th day of May, 1955, at the hour of 2:00 o'clock P.M. of said day in front of Donner Summit Lodge building, on Highway 40, Soda Springs, Nevada County, California, to sell at public auction as provided in said deed of trust and as provided by law, the real property described in said deed of trust, which property is more particularly described as follows:

All that portion of the Northeast Quarter of Section 22, Township 17 North, Range 14 East, Mount Diablo Base and Meridian, described as follows, to-wit: Beginning at the Southeast corner, which point is located in the center line of the Yuba River and on the North property line of Highway 40 from which point Highway Station 767.60, which is located North 71° 8' West 1846.90 feet from the Southeast corner of said Section 22, bears North 63° 15' East 110 feet; thence from said point of beginning South 63° 15' West 745.80 feet along the North property line of Highway 40 to a point located on the North property line of Highway 40, and the West property line of Section 22, and known as the Southwest corner; thence North 18° 41' West 552.60 feet along West property line of said Section 22 to a point on the West property line of Section 22, and the approximate center line of the Yuba River and known as the Northwest corner; thence North 66° 0' East 86.80 feet to a point; thence North 85° 50' East 116.20 feet to a point; thence South 83° 40' East 105.60 feet to a point; thence South 87° 7' East 60.0 feet to a point; thence South 84° 0' East 102.20 feet to a point; thence South 63° 30' East 506.0 feet to the Southeast corner and the point of beginning.

All bearings from the Northwest corner to the Southeast corner are along the approximate center line of the South Fork of the Yuba River. That said sale will be made for cash, legal tender of the United States, to the highest bidder, the full amount of the purchase price to be paid at the time of the sale.

NOTICE IS FURTHER GIVEN that default was made under said deed of trust; that notice of said default and of election to cause the property to be sold was filed in the office of the County Recorder of the County of Nevada, State of California, on the 24th day of June, 1953, and is of record in Book 185 of Official Records, at page 588, and that more than three months have elapsed since the filing of said default and that the defaults under the said deed of trust still continue.

Ordinance No. 5501

OF

TRUCKEE PUBLIC UTILITY DISTRICT

Establishing Hours of Polling and Number of Election Board Officers in District Elections

WHEREAS the Truckee Public Utility District is a public utility district duly organized and existing under and by virtue of the Public Utility District Act of the State of California, being Sections 15501 and following, of the Public Utilities Code of California, and

WHEREAS Section 16156 of said Public Utilities Code, hereinabove referred to, provides for the establishment of hours of polling and the number of election board officers at elections in public utility districts operating and existing thereunder;

NOW, THEREFORE, BE IT ENACTED BY THE BOARD OF DIRECTORS OF TRUCKEE PUBLIC UTILITY DISTRICT, as follows:

1. That, pursuant to Section 16156 of the Public Utilities Code of the State of California, hereafter the voting polls at District elections shall be open, and the hours of polling shall, and are hereby established to be, from and between the hours of 1 P.M., to and until the hour of 6 P.M.

2. That, pursuant to Section 16156 of the Public Utilities Code of the State of California, hereafter at District elections, the election boards shall consist of three members, to-wit: one inspector, one judge and one clerk.

E. L. LOYND,

President of the Board of
Directors of Truckee Utility District.

Lake Man Accused Of Illegal Tree Cutting

Henry C. Graton of Kings Beach was free this week on \$1000 bail, set in the court of Judge Harry Harrison after he allegedly cut and removed a tree valued at approximately \$700 from the property of Sidney V. Dennison of Applegate and Tahoe Pines.

Dennison signed the complaint, charging grand theft on March 28.

The tree was said to have been 7 feet indiameter. The date of hearing of the case has not been set.

INSTALLATION PLANNED BY LOCAL GIRLS' GROUP

Donner Council, Pythian Sister Sunshine Girls, met last night in regular session with a good attendance and with Nancy Kaspian presiding in the absence of Janice Notely, royal princess.

Plans were completed for the installation services at the next meeting May 4th. The honorary mothers and councilors will provide the refreshments.

The auditing committee is to meet at the home of Royal Advisor Pearl Heller April 22. After the meeting last night practice for installation was held.

CHURCH NOTES

Friday night is family night in the local Methodist Church. A pot-luck supper will begin at 6:30 p.m. Those with families are urged to come for a night of food, fun, singing, fellowship and worship. The evening proceedings will close at 8:30 p.m.

This Sunday we are privileged to have the district superintendent, Dr. Dillon W. Throckmorton, preach the morning service. After the service he will preside over the quarterly conference meeting. This meeting will be a district meeting and all members are expected to be there and constituents are invited to come.

New members who came in last Sunday were Mrs. I. Firpo and Mr. and Mrs. Robert Roth.

FIRST AID CLASS AT TAHOE COMPLETE

TAHOE CITY—American Red Cross First Aid Instructor Marie Henry announces that her Standard First Aid Class has been completed, and closed on Friday evening last week. The advanced class started on Monday evening, April 18 and will continue for a week.

Following are the names of those who completed the standard course, and who will receive their first aid certificates shortly: Bob Beaverson, school bus driver of Tahoe City; Al Henry, Jr., Granlibakken manager; Odd Hodne of Granlibakken; Johnnie Reed, fish culturist; Don Rich, state park ranger; Dale B. Rich, Placer County equipment operator; Pete Perata and Ernest S. Schickler, both of Squaw Valley, and the following Truckee residents: Lester R. Cavanaugh, Margaretta Cavanaugh, John Goldsmith, Earl K. Stice, Dorothy Stice, Judge F. W. Wilson, Beverley Wilson and Russell York of the Tahoe-Truckee High School.

TRANSFERS

Lloyd F. Nations, assistant trainmaster for the Southern Pacific here, has been transferred to Sacramento and has been replaced in Truckee by Robert L. King who comes from Sacramento.

On Vacation—Mrs. Jack Pierce has been enjoying a vacation.

Highway 40 has once again proved how inadequate it really is to handle today's increased traffic load. Not only is the highway inadequate but the personnel who have the job of patrolling it are understaffed to a point that good coverage is practically impossible. The highway has been closed more often the past two years than it ever has before. Our state increased its gas tax last year to try and keep pace with the rapid increase in autos and population, they also went so far as to appropriate some 20 million to four lane Highway 40 providing the federal government matches this figure.

Highway 40 has been declared a defense route and it is the second most traveled highway into and out of our state to the east, yet action is still lacking. It is my belief that the state should proceed to improve this vital link with the east on their own and not wait on Washington. When the lives of so many people are endangered as they were this past weekend it is time for action.

Your Chamber wishes to welcome our new attorney, William Carver to the community. Good luck, Bill.

I am pleased to announce that your Chamber has increased our Fourth of July appropriation to enable us to buy flags for our main street, as well as one large flag for our pole at the depot. I expect to have this flag flying every day in the near future.

COMEDY SKIT IS PRESENTED CLUB

TAHOE CITY—Members of the Tahoe City Rotary Club which met Tuesday evening at Tahoe Inn, welcomed back Fred Kilner and Herb Dana and greeted guests Mike Salto, Harry Mead, Bob Hefner, and Basil Kehoe, the latter a former member who has returned from Reno.

Entertainment was a comedy skit filmed recently at a dinner party of the Tahoe City Volunteer Fire Department, which honored Vern Bartell, a member of the department who was also presented with a 25-year pin by the Standard Oil Company.

President William Connors announced that 30 reservations for members and their ladies have been made for the Rotary conference to begin at Reno on Sunday, April 24. He also said that there will be no meeting in Tahoe City on April 26, due to the conference.

Attend Funeral—Mr. and Mrs. Alvah Hooper returned this week after they had attended funeral services for her father at Nevada City.

At Last Rites—Mr. and Mrs. John McGlade and children, Mr. and Mrs. Herbert Copeland and daughter and Les Davidson were among the local people who attended the last rites at Roseville for N. S. McCrary.

FOR RENT: One-bedroom house in Truckee. Phone Harvey Hocker at 33.

WANTED: Practical nurse or housekeeper to care for invalid woman. Telephone 417 or 159. Mrs. E. A. DeLisle.

Five Resignations On School Faculty Are Accepted By Board

The governing board of the Tahoe-Truckee Unified District meeting last week accepted the resignations of five faculty members effective at the close of the current school year. They were those of R. D. Stewart, Gordon Butterfield, Margaret Muir, Benita Bissett and Douglas Wilson.

At the same time the employment of Mrs. Matilde diSuvoro and Wade Robinson, secondary teachers, and Miss Barbara Kemp a business education teacher, was announced.

Superintendent E. V. O'Rourke informed the board that Dr. Eldon Wittwer, University of Nevada, will be the speaker at the high school graduation exercises next June.

Agreement was signed with the Sacramento State College for the use of Tahoe Lake School for a summer session from June 27 to August 5.

SKI CLUB APPLIES FOR 1956 MEETS

TAHOE CITY—At the meeting of the Squaw Valley-Tahoe Ski Club recently, it was decided to apply to the Far West Ski Association to hold the junior and senior jumping tournament here probably during the latter part of January, 1956.

It was also decided to study the possibility of applying for the National Alpine downhill and slalom for March next year.

Nomination for officers was presented by the committee of which Bill Becholdt is chairman and nominations were also received from the floor. Names of applicants for office may be presented up until tonight with either Becholdt, James Stuart or Dody Post. The election will be held Friday, April 29 at the Tahoe Community Center.

Returns Here—Mrs. Robert Rose returned to her position with the Pacific Telephone Company after visiting relatives in Sacramento and Oakland.

Buying Buick—Mr. and Mrs. Spencer Richards of Donner Lake left Wednesday by train for Michigan where they will take delivery of their new Buick convertible.

Attend Funeral—Mr. and Mrs. Wayne Raney and Mr. and Mrs. Leslie Grow attended funeral services on Monday at Woodland for Mrs. Myrta Unruh, sister of Raney.

Anniversary Time—Mrs. Harvey Hocker came from Oroville last weekend, the couple celebrating their wedding anniversary on April 16.

On Visit—Dr. and Mrs. K. E. Overholt and sons of Folsom were guests of Richard Joseph last weekend.

From Capital—Mr. and Mrs. John Moro returned to Sacramento last week-end following a visit with Mr. and Mrs. Angelo Besio and Mr. and Mrs. Gino Giovannoni.

Guests—Mr. and Mrs. Hal Gilson have as their guests, Mr. and Mrs. Earl Kiley.

MOST PARENTS ASK CONTINUANCE OF SCHOOL PROGRAM

E. V. O'Rourke, superintendent of the Tahoe-Truckee Unified School District last week presented a report on the 283 questionnaires sent to parents of children from kindergarten to the seventh grade asking their opinion on a proposal to return students to the seventh and eighth grades to their respective schools instead of keeping them in classes at the high school.

One hundred and twenty-two of the questionnaires were not returned. In four instances fathers voted one way and mothers another and there were three duplicates.

From the balance the vote was as follows: "I prefer to have the seventh and eighth grade students educated at the Tahoe-Truckee High School" Yes, 100; No, 27. "I prefer to have the seventh and eighth grade students educated at various elementary schools": Yes, 51; No, 48.

No action was taken by the board but it is indicated from the report that the students will remain at the high school and not be returned to the various district elementary schools.

Identification Tags To Be Available, County Defense Man Reports

John T. Trauner, civil defense coordinator of Nevada County, announced plans for making official civil defense identification tags available to all children and adults in this county.

The identification tags are authorized by the Federal Civil Defense Administration and are an important safety measure for everyone, Trauner said. They provide quick identification which would be helpful in case of accident, sudden illness or any emergency, including air attacks.

Each tag is permanently stamped with the wearer's name plus the name and address of the person to be notified in an emergency. The wearer's birth date and religious preference also are stamped on the smooth metal tag which is carried on a non-tarnishable chain.

Through special arrangements, instruction for ordering official civil defense identification tags may be obtained at displays in many grocery stores soon, Trauner said. He also reported that civil defense has tried to put this project into effect for three years, but has been blocked by lack of personnel and funds. Recently, however, FCDA secured the help of a large food manufacturer in distributing official identification tags on a nation-wide, at-cost basis.

PATRONIZE ADVERTISERS

NOTICE

On and after April 4th, I will not be responsible for any debts or obligations contracted against the Riesburg Union Service Station, Highway 40 west of Tahoe Wye, have no further connection with this station.

E. D. HELLAR
